HOIST, TRANSPORT EQUIPMENT GOES TO CONSTRUCTION PROJECTS

WILL TURN OUT 100 UNITS THIS YEAR -- Tallin, Sovetskaya Estoniya, 6 May 51

During this year, enterprises of the Ministry of Heavy Machine Building will turn out approximately 100 units of hoist and transport equipment for the great construction projects.

COMPLETE FIRST CONSIGNMENT OF HOISTS -- Tallin, Sovetskaya Estoniya, 2 Mar 51

Machine shop No 2 of the Novo-Kramatorsk Plant imeni Stalin has completed the assembly of the first consignment of hoists for the Volga-Don Canal project. Each hoist is equipped with twin winches of 150-ton lifting capacity. The hoists are to be used for raising the sluice gates of the canal.

FINISH 3 CRANES FOR CANAL BUILDERS -- Moscow, Trud, 20 Mar 51

The Sterlitamak Construction-Machinery Plant recently completed the assembly of three cranes to be sent to the site of the Volga-Don Canal. The foundry, forging shop, machine shop, and assembly shop are exceeding their quotas.

SHIP VERTICAL BOOM HOISTS -- Moscow, Pravda, 2 Apr 51

The Novosibirsk Construction Machinery Plant has shipped various construction devices, including vertical-boom hoists, to the sites of the Kuybyshev, Tsimlyanskaya, and Stalingrad GES, and the Volga-Don Canal. It has just started work on an order from the construction projects for a consignment of mortar-mixing machines.
